STATE FAIR.—Nothing contributes more to the encouragement of the different branches of industry than a well regulated and properly conducted State Fair; and in order that it may fairly demonstrate the true condition of the various pursuits of the people, it should engage the attention of all interested in the future prosperity of the State. The Fifteenth Annual Fair will open this year at Sacramento on the 15th of September. The managers have, with their accustomed energy and foresight, made ample preparation for the accommodation of all who desire to avail themselves of an opportunity of testing for prizes, amounting in the aggregate to \$10,000. We trust that Yolo will be creditably represented. From the rich stores of her resources in grain, fruits, vines, vegetables, stock, etc., etc., such a representation may be made as will do honor to the State as well as the county, and serve as an attractive index for those seeking valuable homes in our midst. Let the ladies not forget to contribute specimens of their handwork, for by such tokens their minds and characters are in a great measure estimated. There is no reason why the intelligent and industrious women of the county should be content to let the "lords of creation" monopolize the advantages afforded by the State Fair when honors worth contending for are easily within reach of those who earnestly enter the arena. Let the accomplishments of the fair as well as the sterner sex be fully represented, and all contribute their aid in making the exhibition a grand success.

IDOLATRY RECOGNIZED.—In the new Chinese treaty, negotiated by Secretary Seward with Burlingame, it is provided that Chinese subjects shall be exempt from all disability or persecution on account of their religious faith or worship, in either country. In other words, free license and unrestrained liberty is to be granted to the hordes of heathenish creatures, who infest our shores to indulge, to their hearts' content, in their shameful practices and clownish mockeries of divine law. Profanation of holy temples, and rites and ordinances heretofore deemed punishable by law, are by the terms of this treaty, encouraged and made legal. Temples dedicated to the worship of golden calves, or horrid, distorted images of humanity carved in wood or stone, are to be placed on the same footing with those erected in honor of the God of the Universe. Enough of such places for the congregation of bestial idolaters already exist in the land! It is a false notion of leniency and generosity that encourages the growth of such evils to prey on the morals of the country. The false step should be retraced. If the Chinese must continue to come in swarms, let them be humanely treated, but not encouraged in their licentious wickedness.

RAILROAD ACCIDENT.—We learn from a passenger who passed over the California Pacific Railroad on Thursday evening that an accident happened the train on the trip when within two or three miles of Fairfield. A number of cars attached to the train were heavily freighted with rails and cross ties, and it appears that a tie fell from one of the cars on the track and caused considerable damage by throwing a portion of the train off the track, breaking and bending a large number of rails and ties, and smashing several cars. Fortunately, nobody was hurt. The accident, we presume, was unavoidable.

A MERE BAGATELLE.—A late telegram makes the announcement that the annual statement of the Post Office Department will show a deficit of the modest sum of \$4,000,000, only a mere bagatelle of the enormous sums of the people's money yearly squandered and pocketed by the dishonest party in power, who are now begging the people for their votes in order that more opportunity may be afforded them for plunder and speculation. We will soon see whether the people will sanction such acts of infamy.

THIS REVOLUTION is very hard on Grant. It has a writer who says: "He is a man without enemies because he is a man without ideas. Having no principles in private life, no political opinions in public life, there is nothing to afford vitality to an enemy."

GRAIN.—Wheat, Sonoma Club and good shipping, was quoted at \$1.70 in San Francisco on the 6th. Barley at \$2.05.

GETTING DESPERATE.—In some of the Southern States where the negro has been granted the right of suffrage for the purpose of securing the election of the Radical candidate, the new-fledged voters, having become disgusted in their failure to realize the brilliant promises made to them by their "loyal" guardians, are exhibiting great uneasiness under the Radical yoke, and threaten to use the ballot in opposition to those who have so shamefully deceived them. Already by hundreds and thousands they are working in opposition to the wishes of their Radical brethren, who are fast losing control over their ebony idols. Notwithstanding no stone has been left unturned by way of flaming appeals and earnest arguments based on false and clap-trap representations to convince Sambo that the corner-stone of Democracy is based on intense hatred and murderous designs toward him, he seems slow to believe it, and in looking about for some means of bettering his present degraded and suffering condition he has at last hit upon the plan of using the sword placed in his hands to defeat the purposes of his pretended friends, whose false representations he regards as the source of his present suffering. The poor negroes, so unmercifully hoodwinked and deceived by Radical perfidy, are voting the Democratic ticket. This change of base on their part has proved shocking to nerves in the Radical camp, and it is now proposed to restrict Sambo's privilege by granting authority to the Legislatures, South, which are known to be Radical in majority, to carry out a plan originally designed for the negro who cannot now be trusted by the faithful. Such infamous proceedings to perpetrate Radical rule and ruin will be of no avail. There is virtue and integrity of purpose abiding in the hearts of the people, a power sufficient to overthrow the wicked schemes of base usurpers. A day of retribution is coming.

REFUTATING THE CONSTITUTION.—The provisions of the Constitution which have been so long despised, denied and reviled by Radical leaders are treated as follows by Thad. Stevens, the shining light of Constitution-repudiators and liberty-destroyers, in his speech in the House when the Alabama bill was under consideration:

I am often reminded by gentlemen around me—some very wise and some otherwise—that I have said more than once that all this is outside of the Constitution. He is "otherwise" who thinks that assertion is not true. This very proceeding shows that this House believes that it is acting not according to the forms of the Constitution, which found no such cases of lapsed territory to be formed into communities and brought into the nation. When West Virginia was introduced (and I first made a declaration), it was admitted by a majority of the House, on the ground that it had gone through with the forms of Constitution requiring the consent of both States, while one had ceased to exist long before, and the other one never existed. And I voted for the admission of that State, but I was not going to make either a fool or a knave of myself, and to say that I voted for it under the Constitution, or that I did not know what I was voting for. I held then, as I hold now, that having conquered that territory from another power (a power recognized as an independent belligerent by all the civilized nations of the earth), by ourselves as well as others, we had a right to treat it as such, and to take in or keep it out, as we pleased. I said then that the Constitution had nothing to do with it.

Of such is the Kingdom of Hiram!

A PREDICTION OF RADICAL LEADERS.—Recent accounts from the East indicate a feeling of discontent and uneasiness in the Radical camp. Among others, Yates and Sumner appear to regard the cause of Radicalism as hopeless. They have denounced the negro suffrage plank in the Chicago platform in unmeasured terms, and predicted the defeat of their party on account of its lack of courage and sincerity in declaring its principles. In referring to this, the Baltimore Sun of recent date says:

The argument of Mr. Yates to-day was a most remarkable one, and was listened to in surprise and consternation by his political associates. He took direct issue with the Chicago platform, and taunted his associates with inconsistency in voting to impose negro suffrage upon the Southern States, and declining to do it in the North. He boldly avowed that he was not afraid to face the music, and when reminded in an under tone of Ohio and Kansas and Michigan, replied that the cause of the defeat of negro suffrage in those States was because the party was shocked and heartened to death, and did not go into the contest boldly and manfully. He predicted the defeat of the party in Illinois by 75,000 majority if his views were not adopted.

DESPERATE.—A portion of the Radical press, in the endeavor to place General Grant in a favorable light before the people, appear to be driven to desperate means to accomplish their purpose. They are busy just now in denouncing General McClellan and trying hard to make it appear that his generalship is inferior to that of the Radical candidate. For the sake of argument, suppose it is true, then what of it? McClellan is not in the field, and if he were, Radical misrepresentation, having lost its power to mislead the people, could not certainly damage his character by comparing it with that of the Radical candidate. The persistent efforts of Radical papers to give prominence to Hiram by virulent attacks upon all who disagree with his political views will never be regarded by the people as evidence of his fitness for the high office to which he aspires.

RAISINS.—California, says the Patriot, is likely to become the greatest raisin producing country in the world. The best grape for this purpose is one of the Malaga varieties. The process is to break the stems of the principal bunches and thus prevent the flow of sap. The fruit then shrinks in the sun, the watery portion is dried, and the sugar concentration increased in proportion. Last year one farm yielded twenty-five thousand pounds, and a single bushel vine bore twenty-five hundred bunches.

For the Democrat.

Fruits of the War.

The Legislature of Florida, composed of a majority of negro Representatives, has just now, under the Reconstruction Acts of Congress, passed laws enforcing negro equality with whites in every respect and relation; and so it is attempted in all the States south. And yet the Black Republicans of Yolo county say they are not in favor of equalizing themselves with negroes, but gloat over the fact that this equality is being forced upon their race in the South. They seem to glory in the thought and expectation that they can force the noble race and people which produced a Washington, a Jefferson, a Jackson and a Clay, to become a nation of mulattoes. They seem to be envious of the virtues and power of such a people, and wish to destroy the probability of their ever producing another great and eminent character, by corrupting their blood or sinking them to the degradation of the negro. It does seem to us that the Washingtons and Jeffersons had been mulattoes, and the white race had never been ennobled by them.

They say that the Southern people have no rights, because, having been whipped by the North, it is an act of mercy they are allowed to live at all. All this may be so. But they were not easily whipped. It took four years to do it, with the loss of half a million Northern lives, and the creation of the largest debt ever incurred by any Government, in all history, in so short a time; and the North recruited her armies from all Europe and the whole world, including the negroes, while the South was cut off and depended upon her own men—born there, nearly all. They withstood the whole world, as the race of Washington and Clay and Jackson would be expected to do, in a cause they thought right, in patriotic sincerity; and if the outside world had stood away from the contest, it is hard to tell what the result of the struggle would have been. Perhaps the Southern people would not now be tyrannized over, and trampled upon, and degraded by vindictive conquerors, because they were not successful. And perhaps one more example of true chivalry and noble magnanimity would have been furnished to shed lustre upon the history of a gallant people, and the human race.

Flieglo, traveling agent, has placed on our table a copy of Dr. Chase's "Recipes, or Information for Everybody," a book containing a large number of valuable, practical recipes, useful in every department of life. HOSTETTER'S

STOMACH BITTERS.

The following letters from well-known physicians and individuals show the estimation in which this celebrated preparation is held by those who have used it:

PITTSBURGH, May 10, 1886.

Messrs. Hostetter & Smith, Pittsburg, Pa.—During a visit in the West last Fall, I contracted chills and fever, which brought me to my knees, and finally terminated in typhoid fever, and confined me to my room for several months, during which time I was so prostrated that I almost despaired of ever recovering health; I having entirely lost my appetite for days, not being able to eat a morsel; added to which I was much distressed with a reeling sensation in my head, and passed many sleepless nights—all from debility caused by my prostrate condition, brought about by the fever. At this stage of my condition a friend recommended me to use your celebrated Stomach Bitters; but being morally opposed to the use of stimulants in any form, I at first declined, but afterward yielded my prejudices, and after taking the medicine for several weeks as directed, my appetite returned, and with it I rapidly regained my former strength and vigor, and sleep from the loss of which I had suffered much has never been better than it is now, and the reeling sensation (before alluded to) has entirely left me. My bowels, which were much constipated and irregular, are now quite natural, and in fact, I am glad to say that I feel myself a new man, and tender you this testimonial of my appreciation of your valuable preparation, in order that others suffering as I have may avail themselves of its virtues, which prejudice prevented me from enjoying for so long a period. I may also add that my physician, after seeing the beneficial effect your Bitters had, recommended that I use them regularly.

Yours, very respectfully,
E. BORNE, 45 Market street.

PITTSBURGH, Sept. 4, 1886.

Messrs. Hostetter & Smith, Pittsburg, Pa.—Gentles—I think I am only doing the part of a good citizen when I testify to the great benefits derived by me from the use of your Stomach Bitters during the last five years. Suffering for a short time in the oil regions, in 1881, I had severe bilious attacks, which, in connection with dyspepsia, left me in a very weak condition. I was advised to try your Bitters, and, having procured a bottle, found that they worked like a charm upon me, eight pounds having been added to my weight in the space of one week, and new life seemed to have been infused into my system—so much so that I have been induced to use them every Summer since that time. As a tonic, I think they are the best I have ever used, and have a similar effect upon the system, much reduced, although under the treatment of an A. No. 1 physician. I was again obliged to have recourse to the old Bitters, and with the same good result, having gained six pounds within a few days. I purchased a half dozen bottles a few weeks since, and propose to use them regularly as a tonic. Wishing you every success, I remain, Yours, respectfully,
W. MILLER.

Messrs. Hostetter & Smith—Gentles—it is with the greatest pleasure that I recommend your Stomach Bitters to the public. I think it the best Bitters of the day. It is especially adapted to South and West, where bilious diseases of the liver are prevalent. Ten years' experience in the use of compounds as curatives compels me to give you my personal testimony that its popularity merits.

A. ANGLE, M. D.

GALLATIA, Saline Co., Ill.

Messrs. Hostetter & Smith—Gentles—I have practiced medicine for many years, and have used your Bitters in a number of cases with great success, and take pleasure in recommending them to the public in general.

Very respectfully,
J. SMITH, M. D.

MATTON, Ill., Jan. 21, 1885.

Messrs. Hostetter & Smith—Gentles—I sell more of your Stomach Bitters than of any other medicine. Parties who have tried them speak in very high praise of their excellent virtues. I have used them myself, and prescribe them with unparallelled success. My respect fully yours,
C. F. GILMER, C. T. Disp.

Messrs. Hostetter & Smith—Gentles—I have used, and often prescribed, your Stomach Bitters, and take pleasure in recommending it to all whose stomachs are debilitated. It is an excellent appetizer and tonic, and I prize it as one of the best medicines of the day.

R. G. MOORE, M. D.

FRANKLIN, Clinton Co., Ind., Dec. 2, 1881.
Messrs. Hostetter & Smith—Gentles—Some months since I was troubled with weakness of the stomach, and had lost my appetite, and, on the recommendation of Dr. Cox, our family physician, I purchased several bottles of your Bitters, which had the desired effect of restoring me to health. But of late I have not been able to obtain the Bitters in our place. Please inform me where I can purchase them, or if you will send me some on sale, I will be pleased to have the agency, as I can recommend them to what they are represented.

Yours truly,
JOHN F. HUTCHINSON.

EPHRAIM, Ephraim Co., Ill.

Messrs. Hostetter & Smith—Gentles—With pleasure I can say that your Bitters are superior to any others. I have used them in my family for a long time, and always with beneficial results.

Yours, very truly,
ROBT. GILBERT.

BUCKLAND, Prince William Co., Va.,
January 20, 1886.

Messrs. Hostetter & Smith—Gentles—I believe your Bitters to be the best I tried them for dyspepsia in 1883, and in 1884, and I was not faith that did it, for I had no faith in them. I tried them to please a friend. I had been prostrated for several weeks with dyspepsia and chronic diarrhea. I expected to die; but I could not get any relief. I tried them, and I was restored to health. I have recommended them to my friends, and they have been restored to health. I have recommended them to my friends, and they have been restored to health. I have recommended them to my friends, and they have been restored to health.

Yours truly,
MIRANDA CHAPPEL,
Postmaster at Buckland, Va.

ELDERTON, Pa., Nov. 6, 1885.

Messrs. Hostetter & Smith—Gentles—I have been selling your Stomach Bitters for 18 years, and find them an excellent medicine. All that is necessary is to let the people know their virtues and they will use them. I have tried them myself, and now recommend them to all who have weak stomachs. Respectfully yours,
WATTERSON & McPHERSON, Druggists.

Such is the tenor of the correspondence received by almost every mail at the manufactory at Pittsburg. The foregoing letters are given merely as specimens of its general character, and as valuable information furnished by those who have been relieved to those who suffer. It is not necessary at this late date to publish elaborate testimonials as a means of pushing this great National Specific. It has obtained a firm hold on the confidence of the public, and reached its present position as a Standard Preparation of the best class, through the legitimate medium of experimental demonstration. No one ventures to impugn its medicinal merits. They are everywhere confessed.

INCORPORATION.—In our last issue we endeavored to present a few reasons, relating to the moral standing of the community, why this place should be speedily incorporated. We have the satisfaction of knowing that our efforts to accomplish the object have been commended and seconded by prominent citizens, who signify their willingness to take action in the matter at once. If it were necessary to present other reasons for incorporation, incidents have occurred quite recently suggestive of the most conclusive motives for a proper consideration of the subject. The reckless manner in which horse-racing and fast driving are sometimes indulged in on the streets, if not attended by immoral influences, certainly does not contribute to the safety of the life and limbs of pedestrians, and the evil should be corrected. Another consideration in favor of the measure is the want of certain sanitary regulations to insure a continuance of the health of the community, which every day is put in jeopardy by the existence of pestilence-breeding abominations requiring immediate attention. If cleanliness is akin to Godliness, then a people honoring the cause of hygiene, must maintain the existence of no such intolerable nuisances. Other cities and towns in the State, less fortunate than ours, have recently been visited by a terrible scourge, and its havoc has been checked by the most scrupulous attention to the condition of their streets, yards, vaults, sewers and commons. Should we not profit by their example, and thus prevent the visitation of the dreaded destroyer in our midst? The cost of incorporation, as we have before stated, will be compared in value to the health of the people. We publish below a portion of the petition on this subject, to which we call the especial attention of those interested: "Sec. 1. Whenever a majority of the inhabitants of any town or village within this State, who shall be qualified electors under the constitution and laws of this State, and shall have resided in such town or village thirty days, shall present a petition to the Board of Supervisors of the county, setting forth the name and bounds of their town and commons, with a plat of the same, and praying to be incorporated, and a police established for their local government, or for the preservation and regulation of an economy pertaining to such town, and the Board of Supervisors shall be satisfied the population of such town exceeds two hundred in number, and that a majority of the inhabitants have signed the petition, the said Board shall declare such town incorporated, designating in such order the name and bounds of the town, which shall in no case include an area of more than three square miles, which order, together with the petition and town plat, shall be entered on the records of said board, and thereupon the inhabitants within such bounds shall be a body politic and corporate, by name and style of the 'Inhabitants of the town of' (naming it), and by that name they and their successors shall be known in law, have perpetual succession, and be subject in all courts, grant, purchase, hold and receive property, real and personal, within such town, and over their burial grounds and cemeteries (excepted), and may lease, sell and dispose of the same, for the benefit of the town, and may have a common seal and alter it at pleasure. Sec. 2. The corporate powers and duties of every town incorporated under this act shall be vested in a Board of Trustees, to consist of five members, who shall be chosen by the qualified electors of the town on the first Monday of May in each year, and shall hold their office for one year, and until their successors are chosen and qualified; provided, that the first Board of Trustees, so chosen in accordance with this act, shall be chosen in like manner, at some time and place to be designated by the Board of Supervisors in the order incorporating said town, which time shall not exceed twenty days from the date of said order; and the trustees, so chosen, shall hold their offices until the first Monday of May next ensuing, and until their successors are elected and qualified. Sec. 3. The Board of Trustees may impose fines for the breach of their ordinances, but no fine shall be inflicted on any one person, for any one breach of any ordinance, of more than one hundred dollars, which fine may be recovered before any Justice of the Peace having his office within the limits of the town, or before the Recorder, by suit in the name of the inhabitants of the town (naming it), and collected by execution, or in such other manner as may be imposed by the laws of this State; and persons living in the town shall be competent jurors and witnesses, if in other respects competent and qualified. All fines collected in pursuance of this Act shall, by the officer collecting the same, be paid over to the treasury of the corporation; and for any omission to do so such officer may be proceeded against upon his bond, in the name of the corporation, in the manner authorized by law in the case of the failure of such officer to pay over money collected. Sec. 4. There shall be chosen in every town incorporated under this act a Treasurer, Assessor, and a Marshal, who shall also be the collector of all taxes levied by the Board of Trustees, and who shall have like jurisdiction under the election of a Town Recorder at each regular town election, if they or a majority of them shall deem such an officer necessary, who shall receive for his services the same fees as are or may be allowed Justices of the Peace for the like services. The mode of election and term of office of the officers created in this section shall be the same as is prescribed in section two of this Act, in regard to the office of Trustees. The Board of Trustees shall have power to designate and subject to the provisions of this Act. They shall prescribe the duties and fix the compensation of all town officers. Sec. 5. The Recorder, as to offices committed now is, or may hereafter be, conferred upon Justices of the Peace, and he shall also have jurisdiction over all violations of the town ordinances, and may, according to the provisions of such ordinance, hold to bail, fine, or commit to prison any person or persons found guilty of any violation thereof." We have thought it unnecessary to publish the entire Act relating to the incorporation of towns at this time, as in a dark windy night, and the fire alarm out for that purpose. It is to be hoped that all who feel interested will give the subject their serious attention in order that the question may be disposed of in a manner calculated to advance the best interests of the community.

PROGRESS OF IMPROVEMENTS.—We have had occasion several times during the past three months to note the rapid advances observable in the growth and prosperity of our town. At this time the prospect seems more flattering than ever before. On every hand the work of civilization is going on at a rate that taxes the energy and industry of every carpenter, brick mason, mechanic and laborer in town. In fact, a constant demand exists for more skilled workmen to carry forward the work already laid out. South of Main street there are no less than eleven fine residences in course of erection. On the north side quite a number of dwellings and business houses are also going up, and in every part of town the work of improvement is in rapid progress, being delayed only in some instances by the want of lack of a sufficient number of hands. Nearly all the new buildings are to be handsomely finished, and will add much to the appearance of the town. The number of them are being built of the best quality of brick, and present a substantial as well as neat appearance.

INSTALLATION.—The officers of Woodland Lodge No. 237, for the ensuing term, were installed on Tuesday evening by H. C. Grover, D. O. W. C. T., as follows: E. Giddings, W. C. T.; Sister N. E. Grover, W. R. S.; Sister M. A. Scott, W. L. H. S.; Sister Mattie Phelps, W. V. T.; Jerome Baker, W. S.; Sister Minnie Giddings, W. A. S.; J. G. Overshiner, W. F. S.; C. F. Briggs, W. T.; (re-elected third term); H. W. Fiske, W. M.; Sister Ella Babcock, W. D. M.; Sam. Sibler, W. L. G.; J. G. Hollingsworth, W. O. G.; W. C. Curry, W. C. T. These Lodge members are pleased to learn, is steadily increasing in membership; the lodge is harmonious and its influence beneficial.

COULD'NT VOTE FOR GRANT.—At the meeting of the Democratic Club on Monday night, Union soldier, who served through the war, came forward and requested the President to have his name enrolled on the Secretary's book as a member of the club. He stated that he had served his country faithfully, under the old flag, in Grant's army, believing that the close of the war would bring peace and prosperity to the people, and that the rights of all would be respected. He had been deceived with regard to the intentions of Radicals, and could not support any leader of their party. "Still they come."

S. T. 1860-X.—The unprecedented and extraordinary demand for Plantation Bitters is evidently owing to their being prepared with pure St. Croix Rum, Caligay, Bark, etc. Our Druggists all supply that it is almost impossible to keep a supply, and that their orders, owing to the great demand and limited supply, are but tardily executed. Be sure and get the genuine.

WE NOTICE that C. S. Frost is on hand again with a list of real estate for sale, comprising everything in that line from a farming ranch to a village lot. Persons wishing to buy, sell, or lease in any part of the county will do well to give him a call, as he keeps well posted in titles, prices, locations and everything appertaining to real estate.

SALE.—J. D. & W. B. Ledford will sell at auction, on the 28th of next month, their ranch, situated in Sutter county, 12 miles above Knight's Landing, on the Sacramento river; also, personal property, consisting of cattle, horses, hogs, wagons, harness, household furniture, farming utensils, etc.

CIRCE.—Merkley & Constable's Golden State Circus advertise to give an entertainment in this place this evening. The troupe is represented by characters who have the reputation of making at the head of their profession. One of the features of the performance will be the appearance of a female clown.

FASHIONABLE CLOTHIERS.—We direct the attention of our readers to the advertisement of Houston, Hastings & Co., in another column. This firm is one of great respectability and wealth, and their reputation for fair dealing is well established.

THE BOARD OF EQUALIZATION will meet at the Court House on Monday next.

YOLO COUNTY DEMOCRAT.

National Democratic Platform.

The Democratic party in National Convention assembled, reposing its trust in the intelligence, patriotism and discriminating justice of the people, stand upon the Constitution as the foundation and limitation of the powers of the Government, and the guarantee of the liberties of the citizen, and recognizing the questions of slavery and secession as having been settled for all time to come by the war, or the voluntary action of the Southern States in Constitutional Conventions assembled, and never to be re-asserted, do, with the return of peace, demand:

First—The immediate restoration of all States to their rights in the Union under the Constitution of civil government and the American people.

Second—Amnesty for all past political offenses and the regulation of the elective franchise in the States by their citizens.

Third—The payment of the public debt of the United States as rapidly as practicable, all money drawn from the people by taxation, except so much as is requisite for the necessities of the Government economically administered, being honestly applied to such payment, and when the obligations of the Government do not exceed the state upon their face or the law under which they were issued does not provide that they shall be paid in coin, they ought in right and in justice to be paid in the lawful money of the United States.

Fourth—Equal taxation of every species of property, according to value, including Government bonds and other public securities.

Fifth—One currency for the Government and the people, the laborer and the officeholder, the pensioner and the soldier, the producer and the bondholder.

Sixth—Economy in the administration of the Government, the reduction of the standing army and navy, the abolition of the Freedmen's Bureau, and all political instrumentalities designed to serve negro supremacy; simplification of the system, and discountenance of inquisitorial modes of assessing and collecting internal revenue; that the burden of taxation be equalized and lessened; the credit of the country made good; all enactments for the enrolling of the State militia into national forces in time of peace, and such equal taxation under the internal revenue laws as will afford incidental protection to domestic manufactures as well, without impairing the revenue, impose the least burden upon and best promote and encourage the great industrial interests of the country.

Seventh—Reform of abuses in the administration; the expulsion of corrupt men from office; the abrogation of useless offices, the restoration of rightful authority to the independence of the Executive and Judicial Departments of the Government; the subordination of military to the civil power, to the end that the usurpation of Congress and despotism of the sword may cease.

Eighth—Equal rights and protection for naturalized and native born citizens at home and abroad; the assertion of American nationality which will command the respect of foreign powers, furnish an example and encouragement to people struggling for national integrity, constitutional liberty and individual rights, and the maintenance of the rights of naturalized citizens against the absolute doctrine of immutable allegiance and the claims of foreign powers to punish them for alleged crime committed beyond their jurisdiction. In demanding these measures and reforms we arraign the radical party for its disregard of right and the unparalleled opposition and tyranny which have worked its career. We denounce the solemn and unanimous pledge of both Houses of Congress to prosecute the war exclusively for the maintenance of the Government and the preservation of the Union under the Constitution. It has repeatedly violated that most sacred pledge under which was rallied that noble volunteer army which carried our flag to victory. Instead of restoring the Union it has so far as it is in its power dissolved it and subjected ten States, in time of profound peace, to military despotism and negro suffrage. It has nullified the right of trial by jury; it has abolished the habeas corpus; that most sacred writ of liberty; it has overthrown the freedom of speech and the press; it has substituted arbitrary seizures and arrests, and military trials and secret Star Chamber inquiries for constitutional tribunals. It has disregarded in time of peace the right of the people to be free from search and seizure. It has entered the post and telegraph offices, and even the private rooms of individuals, and seized their papers and letters, without any specification or notice of affidavit, as required by the organic law. It has converted the American Capital into a bastille. It has established a system of spies and official espionage to which no constitutional monarchy of Europe would now dare resort. It has abolished the right of appeal on important constitutional questions to the supreme and judicial tribunal, and threatens to curtail or destroy its original jurisdiction, which is irrevocably vested by the Constitution, while the learned Chief Justice has been subject to great and atrocious calumnies merely because he would not prostitute his high office to the support of the false and partisan charges preferred against the President. Its corruption and extravagance have exceeded anything known in history, and by its frauds and monopolies it has nearly doubled the burden of the debt created during the war. It has stripped the President of his constitutional power of appointment, even of his own Cabinet. Under its repeated assaults the pillars of the Government are rocking on their base, and should it succeed in November next, and inaugurate its President, we will meet as a subjected and conquered people amid the ruins of liberty and the scattered fragments of the Constitution. And we do declare and resolve that ever since the people of the United States threw off all allegiance to the British Crown, the privilege and trust of suffrage have belonged to the several States, and have been granted, regulated and controlled exclusively by the political power of each State respectively, and any attempt by Congress, on any pretext whatever, to deprive any State of its right, or interfere with this exercise, is a flagrant usurpation of power which can find no warrant in the Constitution, and if sanctioned by the people will subvert our form of Government, and can only end in a single centralized, consolidated despotism, in which the separate existence of the States will be absorbed, and an unequalled despotism be established in place of a Federal Union of co-equal States, and that we regard the reconstruction acts of Congress such usurpations, and unconstitutional, revolutionary and void.

That our soldiers and sailors, who carried the flag of our country to victory against a most gallant and determined foe, must be ever gratefully remembered, and all the

guarantees given in their favor must be faithfully carried into execution.

That the public lands should be distributed as widely among the people and should be disposed of either under the pre-emption of homestead lands, and sold in reasonable quantities, and to none but actual occupants, at the minimum price established by the Government. When grants of the public lands may be allowed necessary for the encouragement of important public improvements, the proceeds of such lands, and not the lands themselves, should be applied.

That the President of the United States, Andrew Johnson, exercising the power of his office in restricting the aggression of Congress on the constitutional rights of the States and the people, is entitled to the gratitude of the whole American people, and on behalf of the Democratic party we tender him our thanks for his patriotic efforts in that regard.

Upon this platform the Democratic party appeal to every patriot, including all the conservative elements, and all who desire to support the Constitution and restore the Union, forgetting all past differences of opinion, to unite with us in the present great struggle for the liberties of the people; and that to all such, to whatever party they may have heretofore belonged, we extend the right hand of fellowship, and hail all such as friends and brothers.

THE NEW

WEED

SEWING MACHINE!

Just completed, in SOLID STEEL MACHINERY, and combining in ONE the good of ALL!

This most enterprising Company has certainly brought out

THE BEST SEWING MACHINE EVER MADE!

And indeed is the ONLY NEW Sewing Machine, of any name, manufactured for the last eight years. Even a superficial observer can easily see that it surpasses all others, at least in the simplicity and durability of its machinery, and its remarkable

EASE OF MOTION AND MANAGEMENT.

It has few pieces, and all of steel. It makes the complete "Lock Stitch," the same on both sides, which will not unravel. Every Machine is warranted to sew from

Thinnest Lace, to Double Harness Leather!

and of course can never be got out of order by "hard sewing." All repairs free of charge. Prices same as others.

PLEASE NOTICE.

The claims of the Florence Company for the First Premium at the great Paris Exposition of 1867, though seeming true in fact, is really false in spirit and intent, and calculated greatly to deceive the public. Although it did receive the Silver Medal—that being the highest award given—it was not awarded the FIRST PRIZE! This was awarded the WEED only, as being "first in the order of merit." The second place was given to an European Machine, and only the third to the Florence! But the claim of the WEED and Wilson Company, at this Fair, is a great outrage, both as to letter and spirit, at least so much of it as pertains to their Gold Medal upon their Family Machine, which, to speak plain, is purely imaginary, they having all on their "Button-hole Machine," but nothing on their "Family Machine," not even a bronze medal, nor indeed (what is worse) even an "honorable mention." (See official report.)

Secondly, as to the new WEED Sewing Machine, the returns of the State Fairs of Pennsylvania, Illinois, New Hampshire and New York, for 1867, at each of which the NEW WEED Sewing Machine was pronounced the BEST, and received the highest premium given. And so also at other Fairs, and indeed where the Company shall choose to exhibit the "strong points" of this really magnificent Machine.

S. E. HOAR, General Agent, Office 31 Kearny street, San Francisco.

H. U. COBURN & LADY, Woodland, agents for Yolo county, where this Machine will be ever ready to "speak for itself," both to those who see and those who buy.

First Premium GOLD MEDALS

AWARDED TO

WHEELER & WILSON

FAMILY

SEWING MACHINE!

Over 92 Competitors,

AT THE

Great Paris Exposition, 1867,

Being the highest honors and all the Gold Medals awarded to any Sewing Machine Company at this Exposition.

As a HOLIDAY Present, Nothing will be more appreciated

THAN ONE OF these MACHINES.

America, England and France, now unite in this grand Proclamation:

Good news! good news the cable brings, O'er all the wires it flies, Wheeler & Wilson's sewing machine Brings back the golden prize.

Our "Uncle Sam" first struck the note, "John Bull" then caught the sound; Now comes from France the echo back, Wheeler & Wilson's crowned.

And now, no more the people doubt, So long it stood the test— The thing is fairly noted abroad, And they will buy the best.

We can now
